

**CSI Special One-Day Meeting**  
**jointly organised with the “Design of Experiments” Programme**  
**Isaac Newton Institute for Mathematical Sciences**  
**26 September 2011**

**LIST OF PARTICIPANTS**

|     | <b>Name</b>            | <b>Affiliation</b>  |
|-----|------------------------|---|
| 1.  | Irina Abnizova         | Wellcome Trust Sanger Institute   |
| 2.  | Kees Albers            | Wellcome Trust Sanger Institute + Dept of Haematology                   |
| 3.  | Daniel Andrews         | CRUK Cambridge Research Institute                                       |
| 4.  | Vladimir Anisimov      | GlaxoSmithKline   |
| 5.  | Pat Altham             | Statistical Laboratory  |
| 6.  | Anthony C. Atkinson    | Dept. of Statistics, LSE, London  |
| 7.  | Rosemary Bailey        | School of Mathematical Sciences, Queen Mary, Univ. of London            |
| 8.  | Heather Battey         | Faculty of Economics  |
| 9.  | Andrei Bejan           | Statistical Laboratory  |
| 10. | Yakir Berchenko        | Dept. of Veterinary Medicine  |
| 11. | Martijn P. F. Berger   | Dept. of Methodology and Statistics, Maastricht University, Netherlands |
| 12. | Carlo Berzuni          | Statistical Laboratory  |
| 13. | Stefanie Biedermann    | Univ. of Southampton  |
| 14. | Sheila Bird            | MRC Biostatistics Unit  |
| 15. | Paul Birrell           | MRC Biostatistics Unit  |
| 16. | Jack Bowden            | MRC Biostatistics Unit  |
| 17. | Chris Brien            | Univ. of South Australia  |
| 18. | Andrew Brown           | Wellcome Trust Sanger Institute   |
| 19. | Stephen Burgess        | Dept. of Public Health and Primary Care                                 |
| 20. | Simon Byrne            | Statistical Laboratory  |
| 21. | Jonathan Cairns        | Dept. of Oncology   |
| 22. | Benilton Carvalho      | Department of Oncology  |
| 23. | Peter Challenor        | National Oceanography Centre, Liverpool                                 |
| 24. | Yining Chen            | Statistical Laboratory  |
| 25. | Silvia Chiappa         | Microsoft Research Cambridge  |
| 26. | Nathalie Conte         | Wellcome Trust Sanger Institute   |
| 27. | Panayiota Constantinou | Statistical Laboratory  |
| 28. | Ioana Cosma            | Statistical Laboratory  |
| 29. | Philip Dawid           | Statistical Laboratory  |
| 30. | Sarah Dawson           | Bioinformatics Core, Cambridge Research Institute                       |
| 31. | Daniela De Angelis     | MRC Biostatistics Unit  |

|     | <b>Name</b>           | <b>Affiliation</b>  |
|-----|-----------------------|---|
| 32. | Zhihao Ding           | Wellcome Trust Sanger Institute   |
| 33. | Richard Durbin        | Wellcome Trust Sanger Institute   |
| 34. | Heidi Dvinge          | Functional Breast Cancer Genomics, Caldas Lab +<br>CRUK - Cambridge Research Institute    |
| 35. | Robin Evans           | Statistical Laboratory  |
| 36. | Vern Farewell         | MRC Biostatistics Unit, Institute of Public Health  |
| 37. | Judy Fonville         | Dept. of Zoology  |
| 38. | Chris Franklin        | Wellcome Trust Sanger Institute   |
| 39. | Audrey Q. Fu          | Department of Physiology, Development and Neuro-<br>science                               |
| 40. | Rajna Golubic         | MRC Epidemiology Unit   |
| 41. | Angela Gonçaves       | European Molecular Biology Laboratory - European<br>Bioinformatics Institute              |
| 42. | Stefan Graf           | Dept. of Oncology   |
| 43. | Tim Graves            | Statistical Laboratory  |
| 44. | Hui Guo               | JDRF/WT Diabetes and Inflammation Laboratory,<br>Cambridge Institute for Medical Research |
| 45. | Mark Haggard          | Dept. of Experimental Psychology  |
| 46. | Linda Haines          | University of Cape Town, South Africa   |
| 47. | Bob Haining           | Dept. of Geography  |
| 48. | Ted Harding           |   |
| 49. | Radoslav Harman       | Comenius University, Slovakia   |
| 50. | Joseph Henson         | Wellcome Trust Sanger Institute   |
| 51. | Nils Hjort            | Dept. of Mathematics, University of Oslo, Norway  |
| 52. | Joanna Howson         | Cambridge Institute for Medical Research  |
| 53. | David Huen            | Dept. of Genetics   |
| 54. | Ferenc Huszar         | Computational and Biological Learning Lab, Dept. of<br>Engineering                        |
| 55. | Florin Mircea Iliescu | Leverhulme Centre for Human Evolutionary Studies  |
| 56. | Chris Jackson         | MRC Biostatistics Unit  |
| 57. | Alison Johnston       | British Trust for Ornithology, The Nunnery Thetford,<br>Norfolk                           |
| 58. | Hilal Kazan           | Microsoft Research Cambridge  |
| 59. | Nick Kingsbury        | Signal Processing and Communications, Dept. of Engi-<br>neering                           |
| 60. | David Knowles         | Computational and Biological Learning Lab, Dept. of<br>Engineering                        |
| 61. | Radoslaw Lach         | Wellcome Trust Sanger Institute   |
| 62. | Mahbub Latif          | Univ. of Dhaka  |
| 63. | Nevena Lazic          | Microsoft Research Cambridge  |
| 64. | Dave Lunn             | MRC Biostatistics Unit  |
| 65. | Andy Lynch            | Dept. of Oncology   |
| 66. | John Marioni          | European Bioinformatics Institute   |
| 67. | Ann-Marie Martoglio   | Dept. of Pathology  |

|      | <b>Name</b>          | <b>Affiliation</b>  |
|------|----------------------|---|
| 68.  | Hugo Maruri-Aguilar  | Queen Mary, University of London  |
| 69.  | Yasin Memari         | Wellcome Trust Sanger Institute   |
| 70.  | Richard Nickl        | Statistical Laboratory  |
| 71.  | Anastasios Noulas    | Computer Laboratory   |
| 72.  | Sebastian Nowozin    | Microsoft Research Cambridge  |
| 73.  | William Palmer       | Dept. of Genetics   |
| 74.  | Deepak Parashar      | Dept. of Oncology   |
| 75.  | Audrey Pepelyshev    | Institute of Statistics, RWTH Aachen University, Germany                  |
| 76.  | Yasset Perez Riverol | European Bioinformatics Institute   |
| 77.  | Panagiota Petkaki    | Atomic Astrophysics, DAMTP  |
| 78.  | Hannes Ponstingl     | Wellcome Trust Sanger Institute   |
| 79.  | Roland Ramsahai      | Statistical Laboratory  |
| 80.  | Tim Rayner           | Smith Lab, CIMR   |
| 81.  | Denis Rubtsov        | Dept. of Biochemistry   |
| 82.  | Richard Samworth     | Statistical Laboratory  |
| 83.  | Shaun Seaman         | MRC Biostatistics Unit  |
| 84.  | Anne Segonds-Pichon  | Bioinformatics Department, The Babraham Institute                         |
| 85.  | Rajen Shah           | Statistical Laboratory  |
| 86.  | So-Youn Shin         | Wellcome Trust Sanger Institute   |
| 87.  | Jakob Soehl          | Humboldt University, Berlin, Germany                                      |
| 88.  | Nicole Soranzo       | Wellcome Trust Sanger Institute   |
| 89.  | David Spiegelhalter  | MRC Biostatistics Unit + Statistical Laboratory                           |
| 90.  | Robert Sugar         | European Bioinformatics Institute   |
| 91.  | Martin Szummer       | Microsoft Research Cambridge  |
| 92.  | Rene Te Boekhorst    | Bio-Computation Group, School of Computer Science, Univ. of Hertfordshire |
| 93.  | Pi-Wen Tsai          | Dept. of Mathematics, National Taiwan Normal University, Taipei           |
| 94.  | Ernest Turro         | Computational Biology Group, Dept. of Oncology                            |
| 95.  | Fergal Waldron       | Dept. of Genetics   |
| 96.  | David Wedge          | Wellcome Trust Sanger Institute   |
| 97.  | Wendy Wong           | Illumina Cambridge Ltd  |
| 98.  | Sinan Yildirim       | Statistical Laboratory  |
| 99.  | Eiko Yoneki          | Computer Laboratory   |
| 100. | Eleftheria Zeggini   | Wellcome Trust Sanger Institute   |
| 101. | Jan Zirk-Sadowski    | Dept. of Experimental Psychology  |
